D. Tighe reported that budget will be introduced next meeting (April); forum was held last night at MHS regarding safety; S. Armington and A. Deeb are encouraging an open space tax on residents which the Mayor does not support; town has acquired a lot of open space already for the 2.9 square mile town and is about to purchase 11 acres at Foote’s Pond therefore, Mayor does not support further taxing people. He added that NJ already highest tax state in the country and Morristown is over 30% non-profit therefore we already are not getting that tax; Mayor will oppose

    o Town of Morristown confirmed that MP no longer will have to pay rebate; M. O’Donnell recommended that “SID” be put on all one bill going forward; may get $36,000 reimbursement from 2017
    o Website additional charges; S. Schlosser questioned what they were and J. Wehring reported that they were due to design changes, for example a chat function
• Christmas Festival costs increased; J. Wehring explained that the Budget number actually represents costs from previous year due to the timing of billing for this event; also Christmas Festival was previously a 2 line item and has been merged into 1 line for the 2018 Budget
• J. Wehring pointed out that all green items on 2018 Budget were “added” and red items on 2018 Budget were “removed”
• Insurance on Train / Auto – pulled out to a separate line item
• Morristown Parking Authority will be hiring a new staff member; J. Wehring is hoping to add a porter responsibility via this shared new hire; has budgeted $15,000 for this purpose; F. Vitolo suggested potentially seeking hire from Market Street Mission; J. McDonald reported he has previously hired help from Market Street Mission and had both good and bad experience
• 2 electrical cabinets need to be replaced; $3,000-$4,000/each plus rewiring and purchasing of additional lighting back stock.
• Market Profile EDC
• Payback of Morristown Parking Authority for previous meter bagging
• Discussion of 4Cs; J. Wehring reported that only missing item currently is ordinance being rewritten by Bob Goldsmith’s office – being worked on by Rob Beckleman; discussion of loss of revenue for MP because of this; J. McDonald asked if this would be awarded retroactively and J. Wehring reported “no”. M. O’Donnell asked if the SID had been expanded and J. Wehring reported “no”. J. McDonald requested a map of the would be helpful for Board to understand and identify the properties in question; F. Vitolo asked if there was any way that the Board could assist on this item? J. Wehring repeated that only missing element was rewritten ordinance currently in Bob Goldsmith’s office. J. Wehring added that she had full confidence that the ordinance would pass once rewritten.
