

**UPDATED REGULATIONS AND GUIDANCE
FOR OUTSIDE DINING IN MORRISTOWN
JUNE 22, 2020**

Morristown Restaurant Owners,

The following should be considered an addendum to the Guidance issued on June 5, 2020.

- No standing patrons will be permitted; everyone must be seated to be served
- All on-premise alcohol service must be done by wait staff to seated patrons
- Capacity for any outside dining area or expansion will be limited to no more than the indoor capacity of the associated business and will be limited by the number of seats identified in their approved outdoor dining layout.
- All outdoor dining expansions must adhere to the Sidewalk Café ordinances found at Chapter 4-5 in the Town Code.
- All outdoor dining expansions approved administratively are effective through September 7, 2020 (Labor Day)
- Any outdoor dining expansions that include on-street parking are approved for 30 days and subject to review thereafter
- Tables are not to be placed on tree wells with flexipave as the furniture may damage them

As stated in the previous guidance, please be reminded of the following:

- Comply with the Governor's executive orders and the guidance issued by the NJ Department of Health (both of which are attached to this document)
- Include an unobstructed path for pedestrians that meets ADA guidelines
- Consider trees, meters, and car door swings in the layout

If you have any other questions or concerns, please reach out to Jen Wehring at the Morristown Partnership or my office at 973-292-6626 or j-barrick@townofmorristown.org
