

Morristown Festival on the Green
Sunday, October 2, 2022
12NOON – 5PM

2022 MORRISTOWN FESTIVAL ON THE GREEN COVID GUIDE

Please be advised that a risk of exposure to COVID-19 exists in any event or public space, including this event. Prior to attending the event, please ensure you have read the latest CDC Guidelines for Prevention. By attending the event, you acknowledge this inherent risk.

Via website, social media and signage, Morristown Partnership (MP), operators of the Morristown Festival on the Green (Festival) will instruct and remind exhibitors, attendees and Festival staff that if anyone is feeling unwell or has recently had contact with another person who has tested positive for COVID-19, they should NOT come to the Festival.

- Website: www.morristown-nj.org
- Facebook: @MorristownPartnership
- Instagram: @downtownmorristown

You can expect to see multiple hand washing stations and signage encouraging self-regulated social distancing and the wearing of masks. We aim to provide the safest, healthiest and most patron-friendly event possible.

- MP will post all signs required by state and local agencies throughout the event site.
- MP will provide handwashing stations throughout the event site.
- Exhibitors are encouraged to bring their own sanitizer to have at their booths.

CAPACITY

There are no numerical limits for indoor or outdoor gatherings (Executive Order No. 242).

YOU CAN HELP!

In addition to the standards we have all been following, like handwashing, we have specific requests in place until otherwise directed by our Festival management team. Until further notice:

- Keep a safe distance if an attendee is already at an exhibitor booth.
- Be patient as the organizers and exhibitors adapt to new and changing protocols.

We take our responsibility to provide a safe experience for our attendees and exhibitors very seriously. We are adjusting our operations plan as required by state and local authorities. We ask that you check our social media or website before coming to the Festival to remain up to date on any changes to our operations. We appreciate your continued support of the community.

We look forward to seeing you at the Festival!

HAND SANITIZING INSTRUCTIONS

How to properly use hand sanitizer. Sanitizer must contain at least 60% alcohol.

1. Apply the gel product to the palm of one hand (read the label to learn the correct amount).
2. Rub your hands together.
3. Rub the gel over all the surfaces of your hands and fingers until your hands are dry. This should take around 20 seconds.

Follow Five Steps to Wash Your Hands the Right Way

1. Wet your hands with clean, running water (warm or cold), turn off the tap, and apply soap.
2. Lather hands by rubbing them together with the soap. Lather the backs of your hands, between your fingers, and under your nails.
3. Scrub hands for at least 20 seconds.
4. Rinse hands well under clean and running water.
5. Dry hands using a clean towel or air dry them.

Handwashing Station Minimum Requirements that includes:

1. A minimum five (5) gallon insulated container capable of providing a continuous stream of warm water that leaves both hands free to allow vigorous rubbing with soap and warm water for 20 seconds.
2. Catch basin to collect wastewater, and properly dispose of all wastewater.
3. Soap and single-use paper towels.
4. Trash can for towel waste.
