Nathan Umbriac Council President

Members of Town Council Town of Morristown 200 South Street, CN 914 Morristown, NJ 07963-0914

Dear Council President Umbriac and Members of Town Council:

Enclosed is the proposed 2025 budget of the Morristown Partnership Special Improvement District (SID), which is hereby submitted to the Town Council for approval. We respectfully request that this be introduced at the next available Council meeting.

This year's proposed budget totals \$2,224,941, with approximately 70% (\$1,550,000) derived from the SID assessment and the remaining 30% from contributions, sponsorships and earned income. Following a review and vote by our Board of Trustees, it was agreed to modestly increase the SID assessment to \$1,550,000 in response to ongoing service requests and program enhancements. This amount will be proportionally disbursed among eligible properties based on their assessed values. With the proposed addition of new properties to the district, many longstanding contributors will see a benefit, specifically a reduced SID contribution compared to last year. For reference, the 2024 SID levy was \$1,404,633.

The Morristown Partnership has made strategic progress in 2024 in areas of business support, district beautification and internal development. As a result of the Town's first municipal revaluation since 2004 and the corresponding increased property values, approximately \$800,000 in new revenue was generated for the SID without raising the historical assessment rate of 0.105 percent. That increase, along with continued operational efficiencies, has positioned us to make long-term investments in district improvements while maintaining fiscal responsibility.

Key accomplishments include:

- Establishing five new standing committees to guide our strategic priorities and resource allocation, namely: Built Environment, Business Sector Engagement, Financial Strategy & Business Development, Marketing & Promotion and Public Affairs & Advocacy
- Establishing an annual meeting to enhance transparency and build on stakeholder engagement
- Increasing earned revenues by over 13%, surpassing budget projections for both sponsorship and event participation income
- Supporting over 20 new business openings in the district
- Enhancing our gift certificate program, with a 40% increase in sales
- Securing a comprehensive inventory of light poles and traffic islands, paving the way for the implementation of capital improvements and critical maintenance
- Investing in data utilization tools to analyze foot traffic patterns, inform strategic planning and support stakeholders in making informed decisions

In 2025, our budget reflects targeted investments in capital improvements, beautification, marketing and promotion and long-term maintenance, including:

- Replacement and painting of streetscape light poles
- Expanded sidewalk pressure washing
- Support for a Special Police program focused on downtown safety and visibility
- Landscape site design and beautification improvements
- Continued support for high-impact events

These initiatives represent just the first of our organization's tangible response to stakeholder feedback and our commitment to continuous improvement.

Thank you for your careful consideration of our proposed budget and ordinance amendments, including the corrected Schedule A. This Council action is a critical step toward long-term sustainability and fairness for the SID.

As previously communicated, the current structure excludes numerous eligible commercial properties, many developed in the past two decades or omitted since the last revision in 1995. Adopting the corrected Schedule A increases the number of contributing properties from 392 to 500. This adjustment reduces the individual burden on longstanding contributors and advances equity across the district.

Importantly, the 2025 budget as presented relies on this broader contributor base to responsibly meet program needs without placing an outsized burden on any one group. With these corrections in place, we are well-positioned to continue advocating for our members and delivering impactful services throughout the SID.

We welcome your questions and feedback and remain grateful for your continued support. Our efforts are focused on delivering value to Morristown's property and business owners, which in turn creates a thriving downtown that benefits residents and visitors alike.

Sincerely,

Jennifer Wehring Executive Director

la comunidad local de negocios depende de la información que recibimos directamente de nuestros miembros. Entre más sabemos, más podemos mejorar el ambiente de los negocios locales, adaptarnos a dudas específicas, y finalmente prosperar como una comunidad. Trabajando juntos con otras organizaciones cívicas y comunitarias, en adición a agencias gubernamentales a nivel local, estatal y federal, nuestra organización ha podido juntar los sectores privados y públicos en apoyo a la revitalización del distrito de negocios del pueblo de Morristown.

Abajo hay una descripción de las oportunidades disponibles a través de The Morristown Partnership.
